Subject: Community Infrastructure Levy

Hi Neil,

Thanks for your time and advice yesterday.

Further to our conversation, Wolvey Village Hall is in desperate need of full refurbishment in particular with regard to insulation and energy efficiency, and despite prudent management over the years and ongoing fundraising and grant application resulting in a significant reserve, we still have a six-figure shortfall before we can even start the work. Therefore if there is any opportunity to apply for CIL from either the Frasers or Service Area developments or any other large infrastructure, please would you let me know how to go about this.

The Village Hall is well used by the community, and some of our activities can be viewed at our website and facebook page.

Regards,

Treasurer
