Dear Sir/Madam,

In regard to the above document I should like to respond to the follow points as follows:

Q17 We propose to introduce a criteria-based policy that sets clearer standards for parking, refuse storage, and the adequacy of external and internal space for HMOs. Do you support such a policy? **YES**

Q21. Should we adopt a minimum tree canopy policy for new development? **YES**

Q23. Would you support the creation of additional country parks as part of delivering biodiversity net gain? **YES**

Q32 Would you support RBC both improving existing and developing new social and affordable housing (like the regeneration of Rounds Gardens and Biart Place)? **YES**

I hope you will recognise my input regarding the above four points.

Yours faithfully,
