1. Statutory provision

All allowances are governed by the Local Government Act 1972 and the Local Government and Housing Act 1989. In addition, powers are conferred to the council by the Local Authorities (Members' Allowances) (England) Regulations 2003 under which this scheme is made.

The current rates are set out in Schedule 1.

2. Basic allowance

Subject to any part-year provision (as outlined later in this Scheme) a basic allowance shall be paid to each councillor as laid down in Schedule 1.

Each year, the basic allowance shall be increased in line with the Local Authority Administrative, Professional, Technical and Clerical Staffs (APT&C) pay settlement.

3. Special responsibility allowances

Subject to any part-year entitlement, a special responsibility allowance, in addition to the basic allowance, shall be paid to those councillors who undertake special responsibilities in relation to the council, as specified in Schedule 1.

Each year, the special responsibility allowances shall be increased in line with the Local Authority Administrative, Professional, Technical and Clerical Staffs (APT&C) pay settlement.

4. Subsistence allowances

- (a) Subject to the exceptions in 4(b) and 4(c) below and the conditions detailed in Schedule 3, councillors are entitled to claim subsistence allowances for attendance at any meeting, seminar or training course held at the Town Hall involving more than one councillor (other than in 4(b) below), subject to an attendance register being signed. Councillor training and development meetings held at the Town Hall are also eligible for the claiming of allowances.

Councillors are not allowed to claim for meetings other than in the Town Hall unless they are:

- (i) conferences agreed by the Chief Executive in accordance with Section 6 below;
- (ii) site visits or inspections authorised by Cabinet, a committee or a task and finish group;

- (iii) meetings of any of the bodies where the member is an appointed representative of the council;
 - (iv) meetings of Full Council, Cabinet, committees, task and finish groups or working groups; and
 - (v) councillor training courses, seminars and training and development meetings.
- (b) The chair and the vice-chair of Cabinet, a committee or a task and finish group, or any portfolio holder, can claim subsistence allowance:
- (i) at meetings held with officers at the offices of the council and called by Leadership Team, the chair, the vice-chair or a portfolio holder to discuss agenda or specific items of business within the scope of Cabinet or a committee or a task and finish group; and
 - (ii) on visits with officers to council installations, land, premises or projects for the purpose of informing themselves of matters within the scope of Cabinet, a committee or a task and finish group.
- (c) A councillor is not entitled to claim subsistence allowance for attending:
- (i) a political group meeting; or
 - (ii) a meeting of Cabinet, a committee, a working group or a task and finish group of which they are neither a member nor a co-optee.
- (d) The allowances are as set out in Schedule 3.

5. Travel allowances

- (a) Councillors are allowed to claim travel allowances for those duties specified under paragraphs 4(a) and 4(b) above.
- (b) The allowances are as set out in Schedule 4.

6. Conferences

The council will only support a councillor's attendance at a conference if it has been assessed for need and usefulness and agreed by the Chief Executive in conjunction with the Leader of the Council.

Councillors who attend conferences will only be reimbursed for subsistence and travel. The appropriate mileage rate will be paid or the cost of first class return rail fare, whichever is cheaper. All claims for subsistence allowance shall be supported by receipts.

The cost of the conference itself and the cost of any hotel shall be paid direct by the council.

7. Renunciation

A councillor may, by giving notice in writing to the Chief Executive, elect to forego all or any part of their entitlement to an allowance under this scheme.

8. Part-year entitlements

- (a) Where elected in the course of the financial year, a councillor shall be entitled to a basic allowance and special responsibility allowance on a pro-rata basis from the date on which they take office up until the end of that financial year.
- (b) Where, in the course of a financial year, a councillor retires, he or she shall be entitled to a basic allowance and special responsibility allowance (if applicable) on a pro-rata basis from the beginning of the financial year up to the date on which the resignation takes effect.
- (c) If part way through the financial year an amendment to this scheme changes the amount to which a councillor is entitled by way of basic allowance or special responsibility allowance, then the increase will be paid pro-rata from the date on which the increase takes effect, up until the end of the financial year. If such an increase is to be backdated, the increased payment will be made pro-rata from the beginning of the financial year up to the date on which the decision was made.
- (d) If an amendment to this scheme changes the list of approved duties, the payment has effect from when the duty is carried out.

9. Claims and Payments

- (a) A claim for subsistence allowance and travel allowance under this scheme shall be made in writing within two months of the date of the meeting for which entitlement to the allowances arise. Claim forms must be submitted to Democratic Services by the first day of each calendar month.
- (b) The payment of basic and special responsibility allowances will be made in instalments of one-twelfth of the amount specified in this scheme on the 24th day of each month.
- (c) The payment of subsistence allowance and travel allowance will be made on the 24th day of each month in respect of claims submitted in accordance with Paragraph 9(a) above.

10. Pensions

From 1 April 2014, councillors were no longer eligible to join the Local Government Pension Scheme. However, there is the option to join NEST, an alternative pension scheme. If this is something any councillor is interested in and would like to discuss further, please contact the Chief Officer for Finance and Performance or Payroll in Human Resources.

11. Taxation and benefits

Information on taxation and benefits, as they relate to councillors and allowances claimed, can be found in Schedule 2 to this Scheme.

12. Dependant's carer's allowance

- (a) A dependant's carer's allowance is payable to councillors who incur expenditure on the care of children or dependants on approved duties only.
- (b) The event requires the councillor to provide care for a person who normally lives with the councillor as part of their family and who is:
 - (i) a child under 14; or
 - (ii) an elderly or disabled dependant requiring care.
- (c) In the case of (i) councillors must register that they have a dependent child living with them under the age of 14. A signed statement is to be produced which declares that childcare has been provided by a child minder or member of the immediate family not normally resident at the councillor's home address.
- (d) In the case of (ii) councillors must make a written declaration to be lodged with the Audit and Ethics Committee and the Monitoring Officer. A receipt for actual expenditure incurred has to be produced. As care for elderly and/or disabled dependants would be provided by professional carers they would be in a position to provide formal receipts in a way that many child carers would not.
- (e) Payment will be made as follows:
 - (i) the childcare element should be paid at the maximum rate of minimum wage relevant to the age of the carer as long as he or she is over 18 years of age, or less for actual reimbursement.
 - (ii) the medical/social care element should be paid at the average hourly rate charged by Warwickshire Adult Social Care for social/medical care of dependants, or less for actual reimbursement, and only upon production of receipts.

13. Attendance in dual capacity

When a councillor attends a meeting in a dual capacity (for example as a borough councillor and a county councillor) they may only claim one subsistence allowance and one travel allowance.

14. Review

Councillors' allowances shall be reviewed from time to time as required.

Standard Allowance for all Co-opted Members

The standard allowance for all co-opted members is £547 per annum. The definition of a co-opted member is any appointed member on Rugby Borough Council structures including any independent member or parish councillor.

Councillors' Allowances Scheme Taxation and Benefits

- (a) Councillors' allowances are taxable through the PAYE system and the Chief Officer for Finance and Performance is required to make returns to HM Revenue and Customs (HMRC) under PAYE procedures.

For a councillor who has tax deducted under PAYE procedures and whose income, apart from councillors' allowances, is below the point at which income tax becomes payable, it is possible to have a PAYE code to take this into account. (This would apply particularly to a 'non-employed' councillor and possibly to a pensioner). Newly elected councillors to whom this applies should complete a starter checklist which will be given to them in their induction pack.

- (b) Non-taxable payments

- (i) *Travel allowances - receipted public transport or taxis fares - mileage at or below the Inland Revenue tax free mileage rates:* if the Council pays above these, the "profit" will be liable for tax.
- (ii) *Subsistence allowances* - are not normally taxable unless there is a profit element.
- (iii) *Other expenses* - councillors may be able to claim other expenses incurred in the course of their duties, for which they are not reimbursed, but must contact HMRC to discuss these.

The council will supply a Form P11d by July, following the end of each tax year, detailing any taxable benefits not subject to PAYE. This information may be required by councillors who complete a self-assessment income tax form. Any queries relating to income tax may be explained by Payroll in Human Resources (01788) 533423 or by contacting the HMRC taxation office 03002003300 quoting the council's reference 671/R566.

- (c) National Insurance Contributions

National Insurance contributions are payable on all allowances that exceed the monthly lower earnings limit and are calculated on a percentage basis which is determined annually by legislation. There are two exceptions as follows:

- (i) Councillors over state pension age are not liable to pay national insurance contributions and can apply to the HMRC National Insurance Contributions office for a certificate of age exemption or provide Payroll with evidence of their age.

- (ii) Councillors who have applied for and been issued with CA2700 from the HMRC National Insurance Contributions office. This only applies if national insurance contributions are paid at the upper earnings limit throughout the year in other employment.

Councillors to whom category (i) or (ii) applies should let the Chief Officer for Finance and Performance have a certificate of reduced liability, age exemption or form CA2700 so that the correct rate of national insurance contribution can be deducted.

National insurance, where applicable, will also be deducted from the profit element of mileage rates. The Chief Officer for Finance and Performance should be given details of national insurance numbers so that contributions can be credited to the correct account.
